

Presenter Guidelines

We are delighted to welcome you to the Indian Wildlife Ecology Conference 2026. As we prepare for three days of scientific exchange, discussion, and collaboration, please find below the guidelines for oral, symposium, and poster presentations. These recommendations are intended to help all sessions run smoothly and to ensure a meaningful experience for both presenters and attendees.

Presentations in Oral Sessions and Symposia

Before Your Session

Please arrive at your session room at least 10 minutes before the session begins.

Check with the session chair or volunteer assigned to the room to confirm that your presentation file has been received and is working properly.

To ensure smooth transitions between talks, presenters are requested to email their presentation files in advance (details below). Personal laptops should not be used for presenting unless specifically approved by the organizing team.

Presentation Format

Accepted formats: PowerPoint (.ppt or .pptx) or PDF. To avoid technical issues, please do not include external links, embedded websites, or streaming videos that require internet access. Please ensure that all images, figures, videos, and fonts are embedded correctly in your file.

Time Allocation

- Presenters in open sessions will have 12 minutes to present their work, followed by 5 minutes for discussion and Q&A.
- Presenters participating in symposia will have received their presentation durations and related details by email.

Sending Your Presentation

Please send your final presentation file by email to:
iwec26presentations@gmail.com before 9th July, 9 pm.

Last-minute submissions will not be accepted.

Use the following subject line format: **[Your Name] | [Session Number]**

For example: **Asha Rao | OS1**

In the email body, please include:

Your full name

Your abstract or presentation title

Your session type: Open Session or Symposium

Your presentation date and time

Please send only the final version of your presentation. If you need to submit a revised version after sending your file, clearly mention “Revised version” in the email subject line. Your presentation file will be used only for conference-session management. The files will be deleted after the session.

Poster Presentations

Poster Format: Posters may be up to a maximum size of **4 ft width × 3 ft height**. Presenters may print their posters on any material of their choice. Please ensure that the text, figures, and graphs are readable from a reasonable viewing distance.

Printing: Please print your poster before arriving at the conference. Printing facilities will not be available at the venue. All printing costs must be borne by the presenter.

Set-Up and Display: Please arrive at the poster area ahead of your scheduled poster session to mount your poster. Volunteers will be available to help presenters locate their assigned poster space. Posters should remain on display for the duration of the assigned poster session and must be removed at the end of the session or as instructed by the organizing team.

Important Notes for Presenters

1. Use the "No Tweet" symbol on your slides or poster if you do not wish your work to be shared on social media. Please note that compliance cannot be guaranteed, and IWEC 2026 is not responsible for unauthorized sharing.
2. Presenters are fully responsible for the content of their presentations. IWEC 2026 organizers, partners, and sponsors accept no liability for presentation materials.
3. Ensure all language and visuals are professional, respectful, and appropriate. Avoid offensive language, suggestive humor, or inappropriate images.

4. Only use images that you have permission to use or that are licensed for reuse (e.g., Creative Commons) to avoid copyright infringement.
